- 1. Vinyl frames and sashes will never chip, peel, crack or warp. Made tough and solid with PVC resin, their color is formulated throughout so the beautiful luster lasts.
- 2. Multi-chambered sash and mainframe create insulating air spaces for thermal efficiency.
- **3. Insulated glass** unit featuring double strength glass with optimal air space improves year round performance.
- 4. Warm Edge Spacer System maximizes performance and longevity.
- 5. Interlock at sash meeting rails adds to your sense of security, comfort and well-being.
- 6. **Protective bulb seal** helps to prevent air infiltration at the meeting rail.
- 7. **Fully extruded lift rails** provide strength and stability for easy operation.
- 8. Drop in glazing for extra protection from the elements.
- 9. Sloped sill forces water to drain to the exterior of the window.
- 10. Hidden screen track for clean lines and added beauty.
- **11. Protective bulb seal at the sill** provides extra protection from the elements sealing tightly against dust, dirt and air infiltration.

Plus these additional features:

- **Fusion-welded frames and sashes** add strength and rigidity.
- Dual ventilator locks provide a safe, secure way to keep windows open for proper ventilation.
- **Full balance covers** help protect against air infiltration while adding a finished look to the window frame.
- Constant force balance system eliminates sash cords, weights and pulleys. You'll benefit from smooth, comfortable fingertip operation.
- **Tilt-in top and bottom sashes** make cleaning safe and easy from inside the home.
- **Double barrier-fin weatherstripping** at sash sides helps keep out dirt and noise, and protects against air infiltration.
- Beveled exterior profile gives windows a clean, elegant look.
